WHAT’S NEW

The library just completed Semester I of the first ever Library Media Specialist Student Internship Program!

Freshmen students Lilah Wilkinson and Hannah Charron have been working diligently on learning the ins and outs of the library world!

As a final product, they have developed a library website which features book reviews on some of their favorite selections as well as titles selected as YALSA’s 2017 Teens’ Top Ten. Visit the library website to learn more about the internship program. Scan the QR Code below to access the Student Library Internship website.

IT'S A NEW YEAR!

The time is upon us where we all reflect on the past and look forward to the future and a bright new year. And there’s no better way to begin a new year than starting on a GREAT PAGE! How, you may ask? It’s easy - join a book club, sign up for a reading challenge, or share some of your favorite reading selections by writing a review for your peers.

Not sure where to start? Come see Mrs. O’Brien in the Library for ideas and activities to join. All students, staff and families are welcome!

CLASS OF 2018

As College Applications and Financial Aid documents are being completed, don’t forget to start looking at scholarship opportunities. The library has a new College and Career Corner with lots of information on colleges, careers, and scholarships! Come in today and see what’s available for you!

COMING SOON

Have you been wondering why there is an entire corner of empty shelves in the library? We have been busy merging the reference collection with the non-fiction collection and placing them on the tall stacks. All fiction titles are now located in the middle of the library on the lower stacks where the reference materials used to be. All this is being done to make room for a new Collaboration Station area!

STAY TUNED!
